ENGINEERING INC.

Client: Village of Mesick

Project Budget: \$1,500.00
Contract Start Date: Jun, 2003
Completion Date: Apr, 2015

Village of Mesick Mesick, MI

Global performed a Phase I Environmental Site Assessment (ESA) on three parcels within the village limits that the Village of Mesick was obtaining. One of the parcels contained a vacant building. The ESA was performed in accordance with the American Society of Testing and Materials Standards (ASTM). The project included a visual inspection of the property and all structures on the property in addition to interviews with current and past owners, local residents and officials who may have had information pertaining to past usage of the property.
